Will History Repeat?

Although it is more fashionable to compare the decline of U.S. power and influence in the world with the prolonged decline and fall of Rome, a better comparison may perhaps be found in ancient Athens.

Author-journalist William Gill drew the analogy in a recent radio program by the American Security Council. Gill pointed out that America has never really resembled Rome because we are not a militant, imperialist power bent on world conquest.

We are more like Athens, which was a mercantile state and which became the most prosperous country in the world of its day and the envy of all the other nations. Its Golden Age, under Pericles, came after it led the Greeks in defeating the Persian invaders.

Then came the Peloponnesian War with Sparta. Sparta attacked first. The Athenian fleet prevailed at sea, but every time Athens won an advantage, the Spartans called a peace conference while they continued to build up their own navy. The Athenians were defeated at Syracuse, and the Spartans sailed their new fleet boldly against Athens' client cities, capturing one after the other until they ultimately forced the surrender of Athens itself.

"It is not difficult," says Gill, "to pinpoint the similarities in Athens vs. Sparta and America vs. the Soviet Union. The three decades since World War II have been our Peloponnesian War, and you can take your pick as to whether Korea or Vietnam was our Syracuse."

"While America focused on these two sideshows, Russia built a powerful navy and the world's most formidable nuclear striking force."

"Fortunately, the final act has not been played out in the tragedy. There is still tremendous energy in our country. America may never be another Rome, but it need not repeat the folly of Athens."

Mr. Gill's words are worth noting as Congress wastes our money on many sociological schemes as our navy rusts away and our striking force deteriorates.

'Reaction' Blamed In Gunshot Death

Wendell H. Holmes, 27, of 8891 Lamar st., Spring Valley, told the court Thursday that he "wasn't himself" on February 20 when he allegedly shot to death his estranged wife's boy friend and wounded his wife and another woman.

Testifying in his trial for murder and assault, he claims that he was "only reacting to a situation" in hunting his wife and Douglas L. Warner, 29, of La Mesa.

Holmes is charged with murder in the gunshot death of Warner and with assault in the wounding of Theresa Holmes, 22, his estranged wife, and Mrs. Lillian M. Hinckley, 22, the latter two of San Diego addresses.

The shooting occurred in Mrs. Hinckley's home at 2321 Prospect st. Holmes reportedly forced the three at gunpoint to sit on a couch in the Hinckley living room and ordered Warner to put on handcuffs which Holmes provided. When Warner hesitated, the gun went off and kept going off, Holmes testified.

Burglar Visits House of Talk In Lemon Grove

The Dragon Lady's House of Conversation was struck again — but talk was not the objective.

Mrs. Dolores Lynn Higgins, 20, of 1919 "L" st., National City, owner of the establishment at 3711 Costa Bella, Lemon Grove, was notified by sheriff's deputies that someone had broken and entered the premises, during her absence.

A witness saw a person break a window and enter and called the police. The suspect is said to have left the scene in a pick-up truck with a white camper on it.

Mrs. Higgins, in a cursory examination of the place, said that nothing had been taken. It was the third reportable incident during the past several weeks.

Police had the House of Conversation listed as a massage parlor. In a previous incident it was reported that conversation was all that was dispensed there. That report came from a person associated with the House of Conversation.

"I don't know why I did anything that night, I was reacting to a situation," he said.

Car Jacked, Tires Taken

Steven Roberts, 447 Grand ave., Spring Valley, told sheriff's deputies Sunday that someone jacked up the rear of his car parked at his residence, and took two tires and two aluminum mag wheels while he was asleep.

The loss is listed at \$150.

Burglar's Loot \$1,200

While Gerald J. Masse and his wife were at work on May 23, someone entered their home at 2539 Helix st. in Spring Valley and took a stereo tape deck, amplifiers and some rings all valued at \$1,200.

The thief got in by opening the locked rear door with a pry tool.

Burglar Strikes Diesel

Sometime, during the night to 9:30 May 26, a thief entered the locked Diesel truck belonging to Kenneth H. Wright, of 815 Conception st., Spring Valley and took his Johnson brand CB 23 ch. radio with \$180.

The truck was parked at 9327 St. George st., Spring Valley when the loss occurred.

CAL EXPO NEARS — Greeting Don Diego (Tom Hernandez), living logo of the Southern California Exposition June 23-July 6, are Fairest of the Fair area contest winners Paige McChesney, Miss El Cajon; Cindy Diane Azevedo, Miss Lakeside; Elaine Victoria Schmidt, Miss Spring Valley; Kathleen Gayle Moore, Miss La Mesa; and Kathleen Simmons, Miss Lemon Grove.

Maxson to Take Kiwanis Gavel; Woody Mott Feted

Mike Maxson was elected 1975-76 president of the Lemon Grove Kiwanis Club at a club meeting held in May. Maxson will succeed current President Elmer Ringenes October 1. Elected vice president was Robert Knauer.

Woody Mott, member of the service organization for 9 1/2 years, was honored with a certificate for community service at the Division 11 Kiwanis meeting held May 21.

Woody has been active in the Kiwanis Apple Days sales, the Lemon Grove Kid's Day Parade and the Lemon Grove Spring Valley Nutrition Project and is the food chairman of the annual Pancake Dinner at Lemon Grove Jr. High. He has also volunteered five years of service as the club's publicity director.

Woody and his wife June, journalism teacher at Mt. Miguel High school, live on New Jersey ave.

In other Kiwanis news, Frank DiNoto, governor of the Cal-Neva-Hawaii Kiwanis district, will pay a visit to Lemon Grove Junior High School Wednesday to observe the "Alternate Program" for remedial reading.

The Lemon Grove club donated the equipment in the

Spring Valley Man is 'Tireless'

Marvin R. Hall, of 9837 Austin, Spring Valley arose on May 23 to go to work — but he was late. His excuse — tireless.

He told sheriff's deputies that during the night someone had jacked up his 3/4 ton pickup truck and removed the rear tires — two 1200x16.5 Coopers and two Jackman rims.

His loss was \$195, he said in addition to the time he lost at work.

V.F.W. Re-Start Teen Age Dances

Teen dances, sponsored by the Lemon Grove V.F.W., have been re-instituted.

Cancelled because of a parking lot incident a couple of months ago, the committee re-learned and scheduled a dance for May 23.

That one went so smoothly that a bonus dance was scheduled for June 13, according to Dick Bales, V.F.W. Teen dance chairman. A dance committee meeting will be held at the V.F.W. Hall Saturday at 2 p.m. and interested parents are invited.

Woodstone Rye will provide music for the June 13 dance. Youngsters helped raise funds to cover the cost of the dance. A car wash netted \$85 and a bake sale produced \$23.50.

The regular monthly dance will be June 27.

PUC Hearing Monday

A public hearing has been set by the California Public Utilities Commission for Monday, on the application of San Diego Gas and Electric for authority to increase gas rates \$4,275,000 to offset an anticipated increase from its supplier, Southern California Gas Co.

Proceedings begin at 10 a.m. in the Council Chambers of Chula Vista City Hall, 276 Fourth ave.

If granted, the SDG&E increase would add \$.52 a month to bills for the typical residential usage of 100 therms.

Grove Woman Dies in Wreck Near Julian

A Lemon Grove housewife, killed Sunday in an auto accident near Julian, will be buried at Fair Oaks, Calif., her husband said today.

Mary Lou Chappell, wife of Charles Chappell, a student at San Diego State, died when a van driven by T. J. Rickles of San Diego, went out of control and crashed. Rickles was hospitalized with chest injuries.

The Chappells had lived in Lemon Grove about three years and the woman was an occasional checker at Mayfair Market here and at the one on University near College.

Mrs. Chappell is survived by her mother, a brother and a sister.

Open House Set By New CdO Bank

A Community Open House Saturday in conjunction with the Casa de Oro Business Association's Flag Day parade will be held by Southern California First National Bank.

The bank's red double-decker London bus will participate in the parade. From 1 to 4 p.m. — before and after the parade — children will be given free rides on the unique bus.

Cookies and punch will be served in a tent erected on the parking lot of the new Casa de Oro bank at 9846 Campo rd.

Manager, Betty Dial heads the all female staff, which includes Sherri Dixon, Julie La Lone, Ruth Burkhardt, Donna Landes, Caroline Gabbard, Marqueta Wilson and Nina Smith.

The entire bank staff also is scheduled to ride on a float in the Flag Day Parade, Mrs. Dial said.

The new banking office is open from 8:30 a.m. to 7:30 p.m. Monday and Friday, and from 8:30 a.m. to 5 p.m. on Tuesday, Wednesday and Thursday.

Boundaries Drawn for Lemon Grove Incorporation

Reports from two major committees were heard at committee (together with Jim Dorman and John Stenbeck) repeated what had been said at other incorporation meetings — "that the property tax would be reduced by at least 43 cents for each \$100 assessed valuation under incorporation."

About 150 persons attended the Wednesday night meeting held in the Golden Avenue school.

John Ott, chairman of the boundary committee, outlined the proposed boundaries. They would be to La Mesa on the north; San Diego City on the west and south; and Sweetwater rd. on the east. An exception will be a chunk south of Blossom ln.; east of Washington and Osage, south to the San Diego city limits. That would exclude Mt. Miguel High school, Ott said.

Ott also reminded that LAFCO (Local Agency Formation Commission) would have the final say as to where the boundaries would eventually be.

Bob Swanson, chairman of the form of government committee, reported that his group had chosen the form of a "general law" city, these laws already having been established by legislature. If there is a reason to become a charter city, that may be done later, he said.

Council-Mayor Form He said his committee recommended a council-manager form of government, with councilmen to be elected at large. Councilmen would elect one of their members as mayor.

He noted that 13 cities in the county have the councilman-mayor form of government and that it seems to work.

Dell Lake, co-chairman of

the incorporation information committee (together with Jim Dorman and John Stenbeck) repeated what had been said at other incorporation meetings — "that the property tax would be reduced by at least 43 cents for each \$100 assessed valuation under incorporation."

Lake said that a letter would be submitted to the County Board of Supervisors asking them to be the lead agency in the attempt to incorporate.

County Pays Bill "If supervisors agree (and they will) the cost of bringing the issue to vote will be paid by the county."

Lake said the timetable is to hold the election about July 1, 1976. The City of Lemon Grove would be officially incorporated on July 4, 1976 — just 200 years after the United States declared its independence.

A former pocket of resistance to incorporation is part of Vista La Mesa. Boundary Chairman Ott reported that his committee had polled residents in the VLM area and more than 50 per cent of the total respondents said they would vote for incorporation.

25 per cent said they were undecided while the rest were in opposition.

Decision Time Nears But that area must come to a decision about its future soon. Not reported, but the steel revolver, probably Sunday.

The loss is estimated at \$75 but stealing a gun is listed as grand theft. Symonds operates the L&H Vacuum Repair at the Jamacha blvd. address.

The next incorporation information meeting will be June 18 at Golden Avenue school.

Gun Stolen

Lawrence Frederick Symonds, of 9309 Jamacha blvd., Spring Valley, told deputies that someone broke into his shop and stole a .38 cal. blue steel revolver, probably Sunday.

The loss is estimated at \$75 but stealing a gun is listed as grand theft. Symonds operates the L&H Vacuum Repair at the Jamacha blvd. address.

County Budget Up 20 Per Cent; Supervisors Try to Hold Line

The County Board of Supervisors is sweating over a proposed 1975-76 budget totaling \$455,054,137. It's 20 per cent higher than in 1974-75.

The task of trimming the budget by some \$28 million in order to close the potential cost revenue gap is the cause of concern. Supervisors will start public budget hearings Monday.

In his report to the Board concerning the proposed budget, Acting Chief Administrative Officer, David Speer, told the Board, "The general recessionary economy... has had a significant impact on county costs and revenue."

He said welfare aid payments alone are projected to rise 45 per cent over the current year.

In the public protection and correction costs, Speer said criminal filings in the current year are running 17 per cent over budget with an additional 10 per cent increase anticipated next year.

Increases Listed

"Included are substantial increases for Courts, Sheriff, District Attorney, and Probation which provide the basic services in this functional area," he said.

A combination of three steps necessary to bring budget costs and anticipated revenues in line with each other is also listed. According to State law, the Board must adopt a balanced budget.

Speer recommends a reduction in public service levels, facilities, and contingencies, based on a review of priorities with the Board which would total some \$8 million.

He also recommends use of "unallocated" federal revenue sharing funds which total some \$15 million to help close the gap.

He also recommends a nine cent increase, per \$100 assessed valuation for the County property tax rate. This would raise the property tax rate

from \$2.69 to \$2.78 per \$100 administrative, and staff positions into 1975-76 is recommended.

Supervisors accepted the recommended state port and then voted 4 to 0 to balance the budget revenues, or approved by Supervisors during 1974-75.

A continuation of the "freeze" Dick Brown was not present on hiring middle management, for the vote.

ID's For Organ Donors Nears Law

SACRAMENTO — Potential organ donors among accident victims would be more easily recognized under a bill passed unanimously by the Senate Finance Committee recently.

The bill, SB 542, provides for a distinctive sticker for the back of driver's licenses of persons wishing to donate body parts for use in transplant operations.

It has been found that many potential organ donors go unrecognized after an accident.

"With the proliferation of credit cards, membership cards and many other pieces of paper in most wallets today, the organ donor card is often not noticed until it is too late," sponsors say.

The first thing emergency personnel and police check for identification is the driver's license. SB 542 provides that each driver's license holder will be supplied with a sticker which can be attached to the back of the license.

Saves Vital Time
"The sticker indicates immediately that the holder desires to be an organ donor under the Uniform Anatomical Gift Act. This saves considerable time, which is so important in organ transplants," it was said.

Testimony before the Finance Committee indicated that the organ donor sticker program would cost the state \$130,000 to implement.

It is believed the state would save many times this amount in reduced kidney dialysis and other medical treatments for persons awaiting organ transplants.

The bill now goes to the Senate floor for action.

V.A. Services Help In Time of Vet's Death

Veterans insurance, widow's pension, indemnity compensation, burial benefits — these are terms that should be well understood by all veterans and their families. Understanding these benefits, and how to apply for them in the event of a veteran's death, can make the difference between financial stability and hardship for survivors.

355,000 veterans died during fiscal year 1974. Of these, 206,000 were World War II veterans. Noting these statistics, the Veterans Administration issued a reminder to veterans to make certain their survivors know what VA benefits they may be entitled to when death comes.

Discuss It
"Not only should veterans and their spouses discuss the subject of death," officials stressed, "they should make known locations of important family documents, and make sure they are protected from fire, theft and damage." Also, survivors should be briefed on what to do in case of the veteran's death.

Veterans should tell their families about possible survivors' benefits such as VA's dependency and indemnity compensation for service-connected death, or nonservice-connected death pensions for widows and widowers, or for children when there is no surviving spouse, or when a sur-

viving spouse is ineligible because of excessive income.

Burial Benefits
Burial benefits for wartime and certain peacetime veterans should not be overlooked. These include a maximum \$250 burial allowance, plus a plot allowance not exceeding \$150 for veterans buried outside national cemeteries. For veterans who die of service-connected disabilities, the burial allowance is \$800.

It is equally important, the VA says, to keep track of G.I. insurance policy numbers, claim numbers for use on correspondence with the VA, commercial insurance policies, social security numbers and naturalization papers — all important in claiming various survivor benefits.

Also, veterans should be certain that insurance beneficiary designations are current, since benefits must be paid to those beneficiaries specified in the policies.

VA officials offered this final advice to survivors. "Don't forget to turn to VA offices and veterans service organizations when assistance is needed after the death of a veteran. They stand ready to help in any way possible."

Workshop for Grads.
The Youth Center of Neighborhood House, 841 S. 41st st., San Diego, will hold an educational workshop for high school seniors concerning options they have upon graduation.

Ewing Braves Science Demo At S.V. Church

Resonance, the scientific term meaning in tune with or in harmony with, is the subject of a demonstration by evangelist Dick Ewing at Bancroft Baptist Church Sunday.

Some of the demonstrations will include hearing an earthquake, seeing the world in infra-red and black light, watching sound waves shatter glass, and an unusual experiment where Ewing will let 7 million volts of high amperage electricity explode through his body.

This "Christian Adventure Program" has been presented throughout the United States and in Canada and Mexico.

The program begins at 6:30 p.m. at the Bancroft Church on Bancroft dr., and Tyler st., in Spring Valley.

The event is free and open to the public.

Davenport, Dutton Earn College Degrees

Lawrence Davenport and Don Dutton are two local residents who recently earned college degrees.

Dutton of Spring Valley is one of 904 candidates for degrees at California State College in Sonoma. He received a Bachelor of Arts degree in psychology at May 23 commencement ceremonies.

Lawrence Davenport received a Doctor of Education degree from Fairleigh Dickinson University in New Jersey.

Davenport lives at 10033 Sierra Bonita st., Spring Valley.

PBS Special Spotlights Youth Films

The best of creative cinema as seen through the eyes of children gets national airing for the fourth time on public television Monday night. San Diego's KPBS, channel 15, produced the Fourth Young Film-makers' Festival broadcast.

The show features nine winners chosen from primary, junior and senior categories encompassing a range of 6 to 18 year old filmmakers.

The PBS network broadcast is the culmination of numerous local public TV affiliates throughout the country.

One of the winners, *The Little Radicals*, was created by San Diego's Horace Mann Jr. High Film Club. The film is reminiscent of the style of the classic Little Rascals comedies.

The Festival airs Monday at 8 p.m. on Channel 15 and repeats Saturday, June 14, at 9 p.m.

Russian Training

Russia requires 2 years of compulsory military training for boys when they reach age 18.

SDG&E SCHOLAR — Teresa Stewart, 18, a graduating senior at Mt. Miguel High, was one of two children of San Diego Gas and Electric employees awarded college scholarships last week. The scholarships are renewable for three additional years.

Miss Stewart, daughter of Mr. and Mrs. Dewey E. Stewart, 2329 Sweetwater rd., Spring Valley, plans to study social science and elementary education in preparation for a teaching career. She is a member of the California Scholarship Federation, and, in addition to her school work, she works part-time for a La Mesa photography shop. Other school activities include service as president of the service oriented S-Club, editor-in-chief of the school yearbook and president of the San Diego USO Junior Volunteers.

Checks for Blind Developed by BoA

Bank of America has introduced a special "large print" embossed check for use by blind and partially blind customers.

They are accompanied by large-print deposit slips and a check register in black on yellow paper to provide the best contrast for persons with impaired vision.

The new checks, available without charge, involved two years of work with the Braille Institute of Southern California.

Whale Star of Sea World's Bicentennial Water Fantasy

Shamu, the popular two-ton star at Sea World, plunges backward into history this year and emerges as a "Yankee Doodle Whale" to help celebrate our nation's Bicentennial.

In a warm and witty historical satire, Shamu joins forces with "General Principles" (George Washington's press secretary), and John Paul Jones as they debate the practicality of Shamu joining the American Revolution.

Four Shows

Four new shows are now open at the Mission Bay marine park, including a new Olympic-themed dolphin show, a water fantasy built around the cycles of the seasons, a three-act underwater ballet, and "Yankee Doodle Whale."

In the new killer whale show, Shamu shows off his streamlined contours in a series of back flips, high jumps, water hurdles and the brand-new tailwalk and flipper ride. Highlighting the "Yankee Doodle Whale" show is the breathtaking ride-jump, performed only at Sea World. In this spectacular act, Shamu roller coasters his trainer to the bottom of his million-gallon tank, and with a mighty leap, breaks the surface of the water, then plunges to the depths twice again with the trainer aboard his broad back.

Prince of Whales As a newcomer to the Revolutionary forces, Shamu proves his patriot sympathies by signing the Declaration of Independence — right under John Hancock's signature. Joining the Sons and Daughters of Liberty, Shamu gives up his chance to be named "Prince of Wales" by the British.

In an underwater grotto located in the center of the marine park, Sea Maids swim with dolphins and sea lions in

the new Star-Kist "Undersea Experience."

Also on Sea World's new show schedule is "The Four Seasons," a musical mood-journey through the four seasons. Inside the Sparkletts Water Fantasy theatre, thousands of shimmering jets of water create changing patterns, while rainbow lights, quadrophonic sound and poignant color photographs complete the setting for your journey through the seasons.

Wet World of Sports

The marine park's exciting new "Wet World of Sports" features teams of dolphins and their trainers presented in an Olympic Games atmosphere. The dolphin teams compete with each other for fish — and your applause — as the electronic scoreboard keeps track of points. The dolphin perform tailwalks, double fire hoops, broad jumps, back flips, and the "Sea World special" — the double Roman ride which took more than a year to train.

Continuing on is Sea World's Coca Cola "Ding-a-Ling Bros." Seal and Penguin Circus. The popular show features trained seals, sea lions and dozens of penguins in a comedic version of the old-fashioned circus, under Sea World's "big top" arena.

Sea World is open every day of the year 9:30 a.m. until dusk with ample free parking.

Grand Fire to 'Toast' Local Girl Campers

Camp Fire Girls from Spring Valley, Lemon Grove and La Mesa will celebrate their annual Grand Council Fire to night at 7:30 p.m. at the Casa de Oro Elementary school, Spring Valley.

Special awards presented this evening include seven-year tenure pins to Pamela Logan and Deborah Mallory. Torch Bearer certificates in horsemanship will go to Valerie Mark and Trudy Spaeth. Guardian of the Fire is Miss Kim Klobnak. Chairman of the event is Mrs. Melvyn Marks of Spring Valley.

ON THE MARK. Debbie Dibb, 14, is the new record-holder for the junior division javelin throw after she hurled the projectile 128 feet and 8 inches at a track and field tournament in mid-May at Balboa Stadium. She is on the Wil's Wonder Women team of athletes.

Debbie attends the Lemon Grove Palm Jun-

ior High school where she is on the school's record relay and the weightlifting teams. She is a member of the school's stamp club and chess club. She is also a straight A student.

She is the daughter of Mr. and Mrs. Wallace Dibb of 1609 Fairfax dr., Lemon Grove.

Rubinstein Benefit to Aid Orchestra Pension Fund

The distinguished pianist Artur Rubinstein will appear with the San Diego Symphony Orchestra October 31, to benefit the Pension Fund of members of the San Diego Symphony Orchestra. Musicians will donate their services for the performance. The concert will be conducted by Peter Eros.

"The performance of Artur Rubinstein in San Diego is a

musical event of epic proportions," said Robert Christian, General Manager of the San Diego Symphony Orchestra.

The goal of the Symphony's Annual Fund Program is \$300,000 by the end of June. Some \$180,000 is needed to balance the budget and \$120,000 will be used to reduce past debts.

The Symphony has several categories of membership which are described on a brochure available from the office in Balboa Park.

Orchestra Patrons Get Free Concert Tickets

Two tickets to the Andre Kostelanetz Music-Fireworks Spectacular at the Outdoor Aztec Bowl will be given to those who contribute \$25 or more to the San Diego Symphony Orchestra Association.

Since ticket sales generate less than 50 per cent of the symphony's income, additional income from Association memberships, grants and foundations is essential, according to William N. Jenkins, president of the Symphony Association.

This Week's RECIPE

Olive-Frank Dish is Tasty Budget Pleaser

The all-American frankfurter adapts easily and tastefully to this economical, sure-to-please family dinner. Olive-Frankfurter Skillet Supper is an excellent choice for a low-cost, all-in-one dinner dish, because it costs only about 50 cents per serving for a family of five.

Ripe olives add a pleasing taste and texture, along with tomatoes and green onions simmered in a golden sauce. Cook it all in one skillet and serve it over mounds of thin spaghetti with fresh crusty rolls and butter. For only pennies this dish provides both meat and vegetables for a tasty dinner that goes together quickly and easily.

OLIVE FRANKFURTER SKILLET SUPPER

- 1 1/2 cups canned pitted ripe olives
- 1 (1 lb.) package frankfurters
- 1/2 cup sliced green onions
- 2 Tbsp. cooking oil
- 1 (1 lb.) can tomato wedges
- 1 (10 3/4 oz.) can condensed chicken broth
- 1 small bay leaf, crumbled

- 1/2 teas. basil, crumbled
- 1/4 teas. salt
- 1/2 teas. pepper
- 1 1/2 Tbsp. cornstarch
- Thin spaghetti

Cut olives in wedges, cut franks in 1-inch diagonal slices. Sauté olive wedges, franks and onion in oil slowly for five minutes. Add tomatoes, broth, bay leaf, basil, salt and pepper. Bring to boil, lower heat and simmer, uncovered, five minutes. Blend cornstarch with 2 tablespoons cold water. Stir into the hot mixture and cook, stirring until mixture thickens slightly. Serve with hot spaghetti.

3 Grove Girl Scouts Earn First Class Rank

"Girl Scouts First Class" awards were bestowed upon three Lemon Grove girls during a special ceremony of La Mesa Girl Scout Cadette Troop 241 at La Mesa Presbyterian Church on Sunday.

The award is the equivalent of the Boy Scouts' Eagle Scout award.

Millie Adamson, Susan Sheppard and Michelle Logan joined eight other girls, all ninth graders, receiving the award at the ceremony.

The girls will join the Senior Girl Scout Troop at the end of the school year.

'Art Mart' Set For Weekend

The Southwestern Artists' Association of Balboa Park is sponsoring an "art mart" Saturday and Sunday at Mission Bay Park, West Mission Bay drive at Quiviera rd., near the Islandia Hotel. Art sales will be from 9 a.m. to 5 p.m. both days.

Installed for the second year as the club's president will be Mrs. Brooks Shinn.

Officers for the coming year include Mrs. D. G. Bailey, dean of chairmen; Mrs. A. C. Hass, program chairman; May Williams, ways and means chairman; Mildred Mehl,

membership chairman; Mrs. R. E. Clarke, hostess and Marlene Ketell, press chairman.

Others are Mrs. D. E. Irwin, recording secretary; Mrs. Mamie Oliverio, inside publicity; Mrs. R. V. Duncan, treasurer; Mrs. R. J. Taylor, corresponding secretary and Mrs. D. E. Hulet, auditor.

Evening section representative for 1975-76 will be Mrs. H. E. Remers.

Nautical Charts Boaters 'Must'

SACRAMENTO — An up-to-date list on where nautical charts may be purchased is now available from the Department of Navigation and Ocean Development (DNOD), the State's boating agency.

The free list details which marinas, chandleries and other locations sell charts, U. S. Coast Guard publications and Defense Mapping Agency Hydrographic Center publications. Approximately 60 California cities are listed, ranging from Alameda to Wilmington.

"A chart is one of the most valuable aids that the skipper can use," said DNOD Acting Director, Frank Torkelson. "We recommend having them on board, especially when boating in unfamiliar waters. They are tools to help put the boat's passengers on the safest possible course."

musical event of epic proportions," said Robert Christian, General Manager of the San Diego Symphony Orchestra.

Museum Botanist Leads El Prado Tour Saturday

A \$2 fee covers the cost of a tour of the trees and shrubs of Balboa Park's El Prado area Saturday under the guidance of Helen Witham, assistant curator of botany at the Natural History Museum.

Plants from Japan, Australia, Africa and China can be seen along the mile-long route and will be discussed by the botanist during the tour. Reservations may be obtained by calling the Activities Department at the Museum.

Mrs. McArthur Accepts 3rd Nautical Club Term

The San Diego Nautical Club has elected Mrs. Roland B. McArthur of El Cajon president for the third term.

Installation of the president and other officers will be held Saturday at the 32nd Street Officers Club.

Other elected officers are Mrs. William T. McLaughlin, vice president; Mrs. A. Rangus, recording secretary; Mrs. T. Sappington, corresponding secretary; Mrs. H. Butler, treasurer; Mrs. D. Christner, welfare; Mrs. W. A. Harpster, membership; and Mrs. C. Alexander, ways and means.

Serra-Naders Group Sings on Saturday

Serra-Naders Women's Chorus will present its spring concert, "Musical Rainbows," on Saturday at 8:15 p.m. at Taft Jr. High, 9191 Gramercy dr., in Serra Mesa, according to Mrs. Donald Schaufler, group president. The public is invited.

The chorus is sponsored by the Clairemont Adult School. Several members live in the Lemon Grove-Spring Valley area.

A wide variety of music ranging from pop and show tunes to folk and classical selections will be performed. Refreshments follow the program.

Widows Brunch Slated

The quarterly brunch of the Society of Military Widows is scheduled for Sunday at the Commissioned Officers Mess at the U. S. Naval Station in San Diego.

Mrs. Morris G. McNabb, national president of the society, will conduct a short business meeting following the brunch.

SWEET MUSIC — Mrs. Sally Harris, president of the San Diego chapter of the Sweet Adelines, rehearses a number in her Kennerly dr. home in Lemon Grove. The 100-member chorus presents their annual musical production, "Love Barbershop Style" at Marston Jr. High, 3799 Clairemont dr., Saturday at 1:30 and 8 p.m.

Family Night, Phillies Kickoff Padres Homestand

The second of three special Family Bargain Nights to be held this season by the San Diego Padres will kick off the club's homestand Monday, when the Padres host the Philadelphia Phillies.

All reserved seats that night will be selling for half-price with all general admission seats going for just \$1. One of the more popular events on the Padres schedule, when the first Family Bargain Night this season drew more than 19,000 for the Pads clash with the Houston Astros. The third and final Family Bargain Night this year will be on Monday, August 4 when San Diego entertains Houston again.

Scout Night

The Padres will host area members of various scouting organizations Tuesday, when the Pads close out a quick two-game series.

All area scouts, whether they be in the Cub Scouts, Boy Scouts, Girl Scouts, Brownies, Blue Birds, etc., will be the special guests of the Padres that evening. Tickets for the game may be picked up by the scouts at the Boy Scout Headquarters at 1207 Upas in San Diego.

Day Game

Area business executives will have a second chance of the season to skip out of work early to catch a Padre game as the club holds its second of three mid-week afternoon Businessman's Specials on Thursday, June 12.

The Padres entertain the Montreal Expos that afternoon at 1 p.m. in a game aimed at area businesses. The first such event of the season against the Houston Astros on May 1 drew almost 12,000 fans and a larger crowd is anticipated this time around.

The third and final mid-week afternoon clash will be coming up on Thursday, August 28 when San Diego hosts Montreal again, this time with a 3 p.m. starting time.

It's been said that June is the month for new brides, but this season at least, it will be the month for plenty of action on the home front by the San Diego Padres.

Following June 6-7-8 encounters with the Montreal Expos on the road in Canada, the Padres will return home for 15 games at San Diego Stadium in a 17-day period. Those 15 home affairs help make June the second biggest month on the home schedule for the Padres this season.

The Padres play the first of two straight short two-game series with clubs from the National League's Eastern Division. After the Phillies on Monday and Tuesday come the Montreal Expos for a pair on June 11-12. The homestand will conclude with three tiffs with the New York Mets June 13-15.

Both contests with the Phillies are scheduled for 7 p.m. under the lights while the two games with the Expos will be split up, the June 11 affairs will be at 7 p.m., but the finale on the following day will be a special 1 p.m. game.

For the Padres, meeting the Phillies and Expos means a quick turn-around against both clubs as they are coming back into town after having just played them on the road. The Pads met the Phillies in the Quaker City June 2-4 before testing the Expos in Montreal June 6-8.

The Coliseum will be dark this week. Two major events scheduled by Davies fell through so he cancelled the whole card.

Hernandez Gets Nod Over Byrd; No Fights Friday

Like the newest commercial: watch out Hernandez!

Rudy Hernandez, who is as smooth as Dave Love, but with better staying power, reached his 18th straight victory Friday night at Mickey Davies' Coliseum, but he got help from the officials.

He went to term in a 10-round main event against Brooks Byrd, of Clovis, N.M., who has a record of 26-5-2.

The three-vote decision went unanimously for Hernandez, but it was apparent that the referee and judges saw something that ringsiders did not. They voted 1-7; 2-6 and 1-8. A split would have been more in keeping with the fight although Hernandez would have gotten it by a narrow margin.

In other fights Marty Monroe beat Duane Bonds in a 5-round heavyweight scrap; Eddie Murray defeated Fernando Gill in a 6-round junior welter, and Henry Washington ko'd George Grey at 2:05 of the 5th of a 6-round heavyweight scrap.

The Coliseum will be dark this week. Two major events scheduled by Davies fell through so he cancelled the whole card.

Fights Resume June 13
On June 13, unbeaten Manny Lujan will tiff with Filipino Tanny Amancio in a 10-round set-to with a worthy undercard.

But the following week, action will come a day earlier. That's because the L.A. Forum is having a dandy card on Friday which will reach San Diego fans via closed television. So the Coliseum card will be offered on Thursday, June 19.

On the televised card Bobby Chacon will defend his title against Ruben Olivares; San Diego's Art Hafez will face Yambito Blanco and Carlos Zarate will battle Sully Shuttu.

Group transportation to the Forum June 20 is being arranged by Dave Graham at 232-1904 (Coliseum) or at his home 271-6106.

Gas Eater

The specially-made automobile that Adolph Hitler used got only three miles to the gallon of gas and was capable of making 135 miles per hour.

TAKE FIVE

By John E. Wirges

Peter Bavasi, exercising all the judgment of a pampered prince elevated to rule on the basis of birth rather than ability, dispatched Gene Locklear to the minors late last month in a "move to improve the club." Locklear was hitting .441 at the time of this sin.

Ostensibly, the move was made to accommodate a 10th pitcher on the Padre roster and had nothing to do with Locklear's outburst of being benched in favor of a player hitting 200 below his sizzling pace.

And the moon is made of cream cheese and I'm queen of the May and Richard Nixon will win the "honest man of the decade" award.

Locklear did mouth off. And that was stupid. But he was sore and his anger was understandable, if not forgivable.

It's an unwritten rule of baseball (among other team sports) that you can shoot down the front office, the manager, the coaches and even the umpires, but never your fellow players, your teammates. That's a no-no.

But a .441 hitter has a lot of reason to wonder why he's out of the lineup. He's got a right to a hot collar.

What kind of competitor just smiles to the dugout and quietly takes the demotion from starter to bench jockey. You can't name a manager in the game that wants a player with that kind of gutless approach to play.

Locklear's explosion was both predictable and understandable, but Peter's was immature, callow, adolescent and unwise. Perhaps even stupid. Scratch the "perhaps." It really was stupid . . . for baseball.

In this day of player unions and anti-trust judgments, baseball is still the only profession that is recognized legally as a "sport." But congress and the courts are under pressure to "liberate" athletes serving under the yoke of a "closed" contract. Peter's action may have moved the player's day of liberation a mite closer.

Look at it this way. Basketball players' groups are strong enough to prevent a cost stabilizing merger between the NBA and the ABA. Football players are finding success in the courts in their battle over the reserve clause. Golfers made their own man back off and eat crow.

In the midst of all this, Peter Bavasi openly exercised the raw power of baseball's total dictatorial dominion of master over minion, sovereign over lackey, owner over slave, and shipped Locklear to the minors.

In this adolescent rendering of judgment, Peter exposed the omnipotence of baseball's ruling class over its subjects. Total power for the totally powerful.

The Padres are doing well on the field for the first time in their history, a fact for which we can all take pride. It was a long wait.

It sure is strange to hear front office explanations this time around. To all and sundry making noises over front office errors, the official response this year is, "let the results in the field speak for us."

They never said that during those long, hot 100 game losing seasons. How quickly they assume the mantle of infallibility on other's deeds.

It's even more strange to see how they penny pinch. They finally bagged an owner with plenty of bucks, Ray Kroc doesn't count his money, he weighs it.

One look at Kroc's bank account and Peter dropped Joe Danzanski's Washington romance like a hot rock. And he was packed for Washington at the time.

So why is it, now that money isn't a problem, what with sound ownership and public support of the team, the Padres knock off beer in the press box? How come they no longer invite media members to share tips and tales over a cool brew or stiff jolt after the game?

A small charge, but it sets the pattern. After five years of effort trying to make a \$70,000 season investment pay off, Peter is delighted to see Mike Ivie finally arrive as a serious player, even if he isn't catching.

But is it Ivie's playing or another of Peter's principles that generates the uneasy rumble of Willie McCovey's availability. And what set of principles cut Glenn Beckert out of \$60,000 when injury forced his retirement? A baseball injury that saw him play through tears of pain until he could play no longer. Was his season contract honored as baseball agreements between players and owners say it must?

Sorry folks, Glenn got 60 days pay and a ticket home. Gene Locklear will undoubtedly be back in the majors. Anybody who can hit like that has to have a place to play.

And the guy that sent him down? Sorry. No one has yet discovered a cure for the terminally unwise.

Storey Stays as Hockey Voice; Mariners Sign NHL Defenseman

San Diego Mariner broadcaster Roy Storey has signed a two-year contract to handle play-by-play action for the World Hockey Assn. team through the 1976-77 season.

Storey, announcer for San

Diego during the past season, will also be available for speaking engagements and guest appearances, according to Mariner general manager Ron Ingram.

"It was a great pleasure relaying the hockey action to our fans this season and I'm really looking forward to next year," said Storey.

"A big part of the sports scene for me has always been meeting the fans and I invite all groups interested in a speaker to contact me at the Mariner office."

L.A. Kings

The veteran broadcaster, former voice of the Los Angeles

les Kings and California Golden Seals of the National Hockey League and Western League San Francisco Seals, is known for his colorful accounts of the ice activity.

In addition to his hockey background, Storey has broadcast for the San Francisco 49ers of the National Football League, San Francisco, Oakland and Sacramento of the Pacific Coast Baseball League, UCLA, and professional golf, auto racing, soccer and basketball.

Brent Hughes Arrives

Ingram also announced that veteran defenseman Brent Hughes has arrived in San Diego in preparation for his first WHA season with the Mariners.

Hughes, who played this past year with the National League Kansas City Scouts, has signed a three-year pact with San Diego.

"Hughes is the type of hockey player who gives us added strength clearing opponents from in front of our net," added Mariner coach Harry Howell.

The 32-year-old Hughes has seen action in eight NHL seasons. He has performed with Los Angeles, Philadelphia, St. Louis, Detroit and Kansas City. As an assistant captain with the Scouts this season, he scored one goal and had 18 assists with 43 penalty minutes in 66 games.

Kansas City coach Bep Guidolin rated Hughes as his top defenseman.

Hughes was originally drafted by Detroit from the Boston Bruins roster in 1965 and then obtained by Los Angeles in the 1967 NHL expansion draft.

He was signed by the New York Raiders in the WHA's 1972 selection draft but subsequently signed with the NHL Philadelphia Flyers.

Padre Jacket Night Tickets Offered

Central Federal Savings and Loan Assn's College Grove office will invite area youngsters to become unofficial Padre dugout members by offering "Jacket Night" plaza and loge tickets beginning Monday.

The first 30,000 youths 14 years of age and younger attending the 7 p.m. July 5 game against the Cincinnati Reds will receive dugout-style all-weather jackets of Padre yellow and brown insignia.

Local manager Sally DeLong said Central Federal ticket buyers will also receive a free copy of the association's "Baseball's All-time Greats," covering the careers of the sports' top 50 players.

The 150-page compendium of baseball facts includes an all-time lineup, plus managers, as well as home-run champs, top hitters and history's most winning pitchers.

Careers of such stars as Lou Gehrig, Babe Ruth, Ty Cobb, Joe DiMaggio, Hank Aaron, Yogi Berra, Leroy Satchel Paige and Casey Stengel are outlined, in addition to feats ranging from the most hits in a nine-inning game to the team with an entire winning season.

Sprint Buggies At L.A. Ascot

GARDENA—Off-road superstar Rick Mears of Bakersfield will try to capture his second straight sprint-buggy main event Saturday night at Ascot in the S-Cal Independent Drivers' Assn. Sprint Buggy and VW Baja Sedan program.

Rick, who started 14th in the 18-car field, grabbed the lead on the seventh lap to win the 25-lap sprint-buggy feature.

Also on tap this weekend at the Gardena arena is the second round of the "Ascot Twin 50's" Super Stock Open Competition on Friday night with Sonny Easley of Van Nuys, winner of this year's "Memorial 100" Winston West Grand National race at Ascot, leading the field.

World Players In Junior Golf

SAN DIEGO — Eighteen players representing 12 foreign countries have filed entries for the 8th annual Junior World Golf Championships to be held July 9-12 at Torrey Pines golf course and three other area courses.

The first countries who have committed players in the international event are: Zambia, Panama, Indonesia, Israel, France, Canada, Mexico, Lebanon, South Africa, Bermuda, Scotland and Argentina.

With the exception of Mexico, all other countries will be represented by players in the 15-17 age bracket. The Mexican player will participate in the 11-12 age group.

Last year 57 youngsters from 29 foreign countries played in the Junior World. It is expected that a similar number will be on hand for the '75 championships. All foreign players are selected by invitation only, through their national golf association.

This year's Junior World marks the second straight year of co-sponsorship by the Professional Golf Association and the San Diego County Junior Golf Association, original founder of this unique tournament.

All United States players in the 15-17 age group must again qualify through sectional tournaments conducted by the PGA.

In the lower age divisions, 13-14, 11-12 and 10-and-under, no qualifying is necessary, although the 13-14s must have certified scoring averages of 85 for boys and 99 for girls.

Grass Track Race Set

With eastern stakes stars Bemo and Outdoors set to challenge the best grass horses in the West, another outstanding intersectional battle is in prospect Sunday when Hollywood Park presents the seventh running of the \$125,000 Hollywood Invitational.

A race which quickly has gained a reputation as one of the country's most important turf classics, the mile and one-half Invitational roster of winners includes such talented performers as Fort Marcy, Fiddle Isle and Cougar 2nd.

Thoroughbred action at the Inglewood track this weekend also will find Santa Anita's Horse of the Meeting, Stardust Mel, returning to action Saturday in the \$50,000 Bel Air Handicap. At nine furlongs, the Bel Air is the last main-track test prior to the \$150,000 Invitational Hollywood Gold Cup, June 21.

Golf patrons will be able to leave the Golf Central office by bus every morning at 10 a.m. and be ready to tee off at 11 a.m.

Escorted Golf Outings Ready for S.D. Tourists

A day, or a week of golf at some of this area's finest courses is now conveniently available to all San Diego tourists and visitors. All it takes is a phone call.

A new organization, San Diego Golf Central, is offering complete golf outing for individuals, couples, seminar groups and conventions.

Any visitor can play one of 10 outstanding San Diego County and Tijuana courses every weekday, and not have to worry about tee reservations, transportation or golf carts.

Golf Central handles all details necessary to assure players a complete and relaxing day of golf.

Headquartered at 2725 Congress st. in the historic Old Town section, Golf Central is easily accessible to all San Diego hotels.

Golf patrons will be able to leave the Golf Central office by bus every morning at 10 a.m. and be ready to tee off at 11 a.m.

Clemente's Dream

Roberto Clemente's dream of a Youth City in his native Puerto Rico continues to get closer to reality. Groundbreaking ceremonies at the site near San Juan were held in March.

Major League baseball has played a large part in getting the project off the ground. A two-game series between the Pittsburgh Pirates and the New York Yankees in March raised \$87,395.40 for the development, which will be designed for youngsters to participate in a variety of sports.

Added to the funds raised by the Pirates and the Montreal Expos in 1974, nearly \$160,000 has been raised in four games. Exhibition games are also being planned for the next three springs. The Pirates will face the New York Mets, Philadelphia Phillies and Boston Red Sox.

Those interested in contributing to the Ciudad Deportiva Roberto Clemente, Inc., fund, can address their letters in care of G.P.O. Box 4571, San Juan, Puerto Rico 00936.

Top Racers to Visit Cajon Speedway

Bobby Allison, 1975 Daytona Beach stock car winner, Benny Parsons, and NASCAR veterans James Hylton and Cecil Gordon will visit Cajon Speedway Saturday night.

The drivers will visit with spectators and sign autographs. They will return to Riverside Sunday to compete in races there.

Saturday, at Cajon, super stocks return to action. Drivers will try to stop Tim Biggers who has forged ahead of the pack by more than 100 points with 865. Pat McIntyre of Spring Valley is second with 750. Another local will racer, Jim Hitt, of Lemon Grove, is seventh with 550 points.

The eighth season program will include four eight-lap heats, a 10 lap consolation and a 15 lap semi-main before the 40-lap feature. The main events have been extended 10 laps more to allow some of the drivers, who must start in the back of the pack, every opportunity to make up ground.

Dry Season Calls for Forest Ban of Sparks

Acting Forest Supervisor John Castle of the Cleveland National Forest has begun to enforce certain regulations which restrict smoking and other fire hazards in the forest during the present drying season.

The operation of trail bikes or other internal combustion engine devices, except automobiles, without a U. S. Forest Service approved spark arrestor, is forbidden during the dry season.

Improved Beach Cove Reopens Saturday

Improvements of the Bonita Cove area of Mission Bay Park have been completed and the 48 acre park site will be officially opened on Saturday at 10 a.m.

The extensive improvements include 24 acres of

landscaping, 7 acres of sandy beach, play areas, lifeguard towers, wide walkways and bike paths.

Four separate paved parking areas are designed to accommodate 1200 vehicles.

Characteristic of Mission Bay Park, Bonita Cove's grassy knolls and sandy beaches will provide a magnificent setting for swimming, sunbathing, picnicking, and boating.

The public is invited to attend the opening ceremonies. To reach Bonita Cove from

Highway 5, take Sea World Drive to the West Mission Bay Drive exit. Follow West Mission Bay Drive to the second signal and turn left.

Theft Witnessed

While a witness watched, a suspect entered the yard of Mitzi Wallace's residence at 8071 Canton dr., Lemon Grove on May 28, and took a 20" bicycle valued at \$150.

Sheriff's deputies are questioning the suspect.

Egg Center Entered

Someone broke into the Egg Center Saturday night when it was closed. Sheila Maio, operator, told sheriff's deputies. The intruder took beer and candy. The loss was \$240, she said.

CB Radio Stolen

A thief broke into John M. Killiam's van on May 28 and took his CB radio. It was a 5x5 23 ch. Teaberry make valued at \$125.

The van was locked and after he was stopped at Jamaica and Gillespie dr., officers observed an open container of

Vehicle Stop Brings Charge

A motorist allegedly traveling at a high rate of speed attracted the attention of sheriff's deputies soon after noon May 23.

The driver, William Pesquera Contreras, 21, of 495 Broadway, Spring Valley, was southbound on Helix st. Officers say that his auto was without a brake light and the car's exhaust was loud.

In the ensuing questioning, after he was stopped at Jamaica and Gillespie dr., officers observed an open container of

beer on the floor of his car. Under the waistband of his trousers officers allegedly found a baggie containing 30 grams of marijuana. The charge will be heard when he is arraigned in El Cajon Municipal Court.

S.B. Oval Action

The schedule at South Bay Speedway is moto-cross racers Friday; Street racers Saturday; more Moto-cross Sunday noon and sprint cars Sunday night.

Race time Friday is 7:30 p.m.; Saturday 7 p.m.; Sunday noon and Sunday, 7:30 p.m.

Caliente Jackpot Nears \$125,000

TIJUANA—The reserve jackpot in Caliente's 5-10 handicapping contest has climbed to \$123,954 and will be distributed on Sunday, unless there is a single ticket winner this Saturday.

Under the new 5-10 rules, the accumulated jackpot would be split, with one-half going to the Sunday winners and the rest remaining in the reserve jackpot.

There has not been a single ticket winner in the popular handicapping contest in which fans attempt to pick the winners between the fifth and tenth races, since April 19.

In addition to the lure of the large reserve jackpot, the track will be showing the running of the Belmont Stakes on closed circuit television throughout the track and wagering on the classic race will be available through the Foreign Book.

First post time Saturday and Sunday is about 1 p.m. with 11 races offered daily.

SV Woman's Club Team Leads Bobby Sox Play

By Paul Stark

After eight weeks of play in the Spring Valley Bobby Sox League the Spring Valley Woman's Club leads the majors with a 11-5 mark while the minors Bancroft 7-11 leads the pack with a 7-11 mark.

On Tuesday the S.V. Merchants shut out Bargain Bin 3-0. Jean's Tigers beat Sportland Marauders 15-9.

Wednesday Little Eden got a 15-14 win over Blanchard Realty.

Willenberg Realty snapped an 11-game losing streak with a 10-9 victory over the Sports Emporium.

Thursday, Woman's Club posted a 5-1 victory over Thomas Disposal.

Friday S.V. Merchants won 6-5 over Little Eden.

Tom's Meats knocked the Maroon Marauders out of first place in the minors with a 8-7 win.

Bargain Bin on Saturday beat Tropical Fish 15-3.

Delp Plastering beat Thomas Disposal 10-4.

Woman's Club beat Blanchard Realty 9-8.

The Tigers got grand-slam home runs from Suzanne Eskridge, Valery McFarland and Kim Hixon to beat Sports Emporium 30-0.

Goodbody Frogs beat the Goldiggers 19-7.

Bancroft 7-11 beat Tom's Meats 16-1.

Brakes May Decide Winner In Riverside Races Sunday

RIVERSIDE—In most automobile races, the winning driver is the one that goes fastest. On the road course at Riverside International Raceway, however, he is more often the one that stops fastest.

In a stock car race at Riverside, brakes are about as important as horsepower," says road racing veteran George Follmer. "If you can depend on your brakes for four or five hundred miles, you can make up a lot of time."

Follmer is one of 35 drivers who'll match their brakes and horsepower against Riverside's twisting 2.54 mile road course in the Tuborg 400 Grand National stock car race Sunday.

But, he says, only three of the 35 cars will be shod on the kind of brakes that will do the right job for all 400 miles. The trio includes himself, Bobby Allison and Western Grand National driver Jimmy Insolo, the only three in the field with disc brakes.

There's no question disc brakes perform better at a place like Riverside than drum brakes," says the 40-year-old Huntington Beach driver. They dissipate heat better and if you don't abuse them, they'll work all day."

Only Roger Penske's Matadors have appeared for stock car races at Riverside with disc brakes in the past and the record looks pretty good. Mark Donohue won the 1974 Winston Western 500 in Penske's car, Follmer put it on

the pole for last year's Tuborg 400 and Allison won the Winston Western 500 last January in the same car he'll have here next week.

Follmer and Insolo will be using brand new disc brakes developed by Hurst Airheart in San Fernando Valley. Follmer spent two days testing the brakes at Riverside two weeks ago and the engineering reports were glowing.

"You begin to lose drum brakes after about 10 laps at Riverside," says Follmer, "but in the tests, we lost nothing. I think they'll be as strong at the end of the race as they are at the start."

Besides Allison's Matador and Insolo's Chevy, Follmer will have competition from Richard Petty (Dodge), Cale Yarborough (Chevy), Benny Parsons (Chevy), Darrell Waltrip (Chevy), Ray Elder (Dodge) and Hershel McGriff (Chevy).

The Tuborg activities begin with practice Thursday and qualifying Saturday and Sunday. The race is set for 12:30 Sunday, following the co-featured California 100 for late model sportsman cars.

Pay Toilet Burglarized

A coin box on the door of the pay toilet at Del's Coin Wash was taken sometime after 1:30 p.m. on May 28, sheriff's deputies were told.

The laundry is at 7775 Broadway in Lemon Grove. The loss included a \$50 coin box and about \$5 in coins.

ORDINANCE NO. 12
SECTION 50 OF ORDINANCE NO. 14 OF THE LEMON GROVE SANITATION DISTRICT
RELATING TO SEWER SERVICE CHARGES
The Board of Supervisors of the County of San Diego, and the San Diego County Board of Supervisors, do hereby amend the Ordinance No. 12, Section 50, of the Lemon Grove Sanitation District, as amended, to read as follows:
SECTION 50. ESTABLISHMENT OF SEWER SERVICE CHARGE.
There is hereby levied and assessed upon each premise within the District that discharges sewage into the sewer lines of the District and upon each person owning, letting or occupying premises, a sewer service charge as herein below set forth:
For each dwelling unit or equivalent dwelling unit the per unit charge annually is \$18.00.
The equivalent dwelling units are determined for various establishments as hereinafter set forth.
The assignment of equivalent dwelling units by the District Engineer shall be based upon the estimated amount and/or type of sewage generated thereby compared to that normally generated by an average single-family dwelling unit being served by sewer lines of the District. The number of equivalent dwelling units so assigned shall be used in computing the sewer service charge. If establishments have a sewer line which is different in either quantity or quality from those described in items (a) through (f) of this Section 50, the number of assigned equivalent dwelling units shall be established and/or revised by the District Engineer in accordance with paragraph (j) of this Section 50.

Highways and Budget Took Winter Beating

A late and harsh winter and the crippling effects of inflation have all but wiped out funds for maintaining California's highway system, the State Highway Commission was told recently.

Acting on a recommendation from CALTRANS (the State Department of Transportation), the commission allocated \$4 million in contingency money in the state highway budget to provide a minimum maintenance program until the end of the fiscal year, June 30.

Fix-ups Not Cheap
Commissioners also learned they may have to allocate an additional \$20-25 million to fund maintenance in the coming fiscal year because of increasing operational costs and higher salaries.

The current \$140 million a year maintenance program — which keeps the state's 15,000 miles of highway in working order, and free of snow, cracked pavement, litter and safety hazards, has ground to a virtual halt, with crews performing only critically needed safety work.

CALTRANS officials blamed soaring inflation and the harsh winter for the problem.

Costs Climb
Maintenance costs have climbed 28 percent in the past two years, even though CALTRANS reduced its work force by 15 percent.

The last winter was unusual for its tardiness and severity. Lack of rain in the early part of the season made it necessary for roadside landscaping to be watered longer. In the northern part of the state, the ground beneath roadways dried out, causing road surfaces to crack.

Rain and snow hit on the weekends, increasing overtime payrolls. A typical weekend in March saw snow removal and tire chain controls in effect from southern California to the Oregon border. Snow packs in the Sierra were reported deepest in 25 years, while low lying coastal highways were flooded.

Praise Won by Fraud Unit; Four of Six Members Local

Six deputies comprise the Fraud Unit of the Sheriff's Department.

Four of the six deputies are residents of the Lemon Grove-Spring Valley area.

The unit recently won praise from a group of Washington, D.C. policemen which was in San Diego to learn the delicate art of protecting citizens from fraud.

The four are Bob Torbett who lives on 67th st.; Bill Daw, of Lemon Grove; Andy Nossal, of Spring Valley and Mary Stables, who lives at the outskirts of La Mesa.

Said the spokesman for the Washington group, "We asked the Law Enforcement Assistance Administration in Washington its recommendation of the police departments from which we could best learn."

LEAA recommended the San Diego Sheriff's Department and named a book, "Consumer Fraud," by S.D. Sheriff's Inspector Robert Newcome, as the best book for a study guide.

Impressive
"During our three days in San Diego we were impressed with the way the Fraud Unit takes complaints, separates civil matters from criminal ones, then goes about investigating the criminal ones with the goal of insuring prosecution."

"We also liked the way the Unit works hand in glove with the community and news media in selling fraud prevention. We learned a lot and will be gearing our operation very much on what we learned in San Diego," it was said.

KITCHEN INSPECTION — Director of Food Services Mrs. Ruth Pfister leads administrators of the Lemon Grove School District on a tour of the cramped facilities in the kitchen of Lemon Grove Junior High School. The Board of Trustees have just approved a bid for a new walk-in refrigeration system to replace the old one which is too small for the growing demands of the kitchen and is located in a spot sorely needed for food preparation. The new walk-in will be located in an expanded wing of the building and will feature separate units for freezing and refrigerating foods. The school kitchen is used for food preparation for all schools in the district as well as for the senior's hot lunch program at the nearby Lemon Grove Community Center. School officials shown on Mrs. Pfister's tour are (left to right) Superintendent Dr. Robert Sutton; Paul Reynolds, asst. sup. for business; and board members Harry Reinecke, H. Warren Buckner and John Linn.

BoA Forecasts Recession's End

The U. S. economy is showing signs that the psychological bottom of the recession has been reached and a broad-based economic recovery should begin in the third quarter, according to Bank of America economists.

In the latest "Focus on the U. S. Economy," the bank's economists note that corrective actions by government, businesses and American households have signaled the end of the prolonged period of drift.

"The resurgence of the economy," the report states, "should be more vigorous than could have been expected even a short time ago."

GNP Drop Forecasted
The report forecasts a four per cent drop in the Gross National Product in 1975, but positive real growth in the

third and fourth quarters. It says the rate of inflation for the year will be 9.2 per cent.

Bank of America economists caution that plans and actions are needed now to insure that what lies ahead is a period of reasonable stability and not an upward spiral followed by a more severe setback than the current recession.

House Up, Cars Down
The report says more time will be required for a vigorous and sustained upturn in the housing and automobile industries. It forecasts modest increases in housing starts in the coming months, but a drop in new car sales to 8 million units from 9 million to 1974.

The bank's economists say bottoming-out of interest rates seems near at hand and borrowing from banks and other short-term lenders should increase as rates begin to firm, which is likely to be evident by fall.

"One key to resurgent confidence will be an upturn in real consumer income after 1½ years of decline," the report states.

The bank's economists forecast a 20 per cent increase in real disposable income in the second quarter, to \$621 billion, primarily as the result of the Income Tax reduction package.

The report notes that Bank of America's most recent market survey confirms that the recession has adversely affected more people than any previous one since the depression of the 1930s.

Inflation hasn't changed the price of ashes.

But it has changed the price of your home. For example, if you bought a \$20,000 home in 1968—today it's worth about \$27,000. Don't be left with a costly pile of ashes. See me about a State Farm Homeowners Policy that will cover your home for all it's worth... and keep it that way with automatic inflation coverage.

College Troupe Stages 'Jester's Night' for Kids

Southwestern College in Chula Vista is again sponsoring its annual summer Children's Theatre with Wynn Rowell's "The Jester's Big Knight."

The Performing Arts Department at the college presents a play each year for children in the community.

This year's production unfolds a familiar tale of a court jester who stalks a ferocious dragon in order to win the hand of the princess in marriage.

"The Jester's Big Knight" runs June 23 to July 24, Monday through Friday at 9:30 a.m. in the campus Mayan Hall Theatre. A Sunday matinee performance has been scheduled for July 20 at 2 p.m.

Reservations are available by calling the College Community Services Office.

SDG&E Throws Cost Issue Back at County Government

San Diego Gas and Electric has taken a swing at government officials who have been stirring up public opinion with statements that public utility rate increases are excessive.

Rather than dispute the utility's increases, Robert E. Morris, SDG&E senior vice president, last week argued that the cost of government is also getting to be too much of a burden on the consumer.

Morris appeared before the County Board of Supervisors recently to comment on a proposal of the acting chief administrative officer calling for establishment of a Public Service Committee to serve as an advisory body to the CAO on matters concerning utility services and rates.

Taxes up 265%
Morris cited the case of San Diego resident Lester Bonner who sent an 18-year record of his gas and electric bills and his property taxes to City Councilman Floyd Morrow in April. His records showed that while yearly gas and electric costs rose 27 per cent since 1956, his property taxes increased by 265 per cent.

Moral Obligation
The utility executive said that as a major user of energy, the County of San Diego probably has a moral obligation to taxpayers to participate in rate hearings as do other government bodies and private organizations.

But he questioned whether the county could afford to participate in view of its present potential deficit and a huge tax increase that is looming.

"If you can afford what the acting county administrator has proposed, and if you are sincere in wanting to participate in utility matters intelligently," Morris said, "then we would not oppose the proposal of the county administrator."

"If, on the other hand, the role of the county becomes one of employing 'delay tactics' in rate hearings merely to prolong regulatory matters and deny us the right to a timely handling of rate matters, then we will come back to this board and ask for equitable treatment."

Coin Crime Solved

When Dale A. Simpson returned home about 11:30 a.m. May 25, he discovered his residence at 714 Carlsbad, in Spring Valley, had been burglarized. Rolls of nickels, dimes and pennies were missing.

With the help of the Sheriff's department, two 15-year-old boys were questioned as the boys were in the process of spending part of \$30 — the amount of the missing loot from Simpson's house.

The boys were trying to spend as much of it as they could at a nearby Foster's Freeze.

Cigarettes are Marijuana, Charge

Miguel Angel Valenzuela, 23, of 641 San Juan, Spring Valley, reportedly was driving his vehicle without proper registration tabs and was stopped by sheriff's deputies at Main and Mt. Vernon in Lemon Grove about 2 p.m. May 26.

He couldn't produce a registration slip for the car either. But in his search of the glove compartment he uncovered two hand-rolled cigarettes. They were marijuana.

He will be arraigned in El Cajon Municipal Court on a charge of possession of marijuana.

Letters to the Editor

Dear Sir:

I'm writing this article without too many facts and figures.

It concerns local as well as national problems. It deals with smuggling, illegal aliens, and untaxed dollars that go out of our country every day.

The origin of these problems starts at the Mexican border, and falls at the feet of the Board of Agriculture.

The understaffed Border Patrol has their work cut out for them, and it's a big job trying to keep the smugglers and the illegal alien out. I'm not only concerned about illegal drugs and aliens, but just what else is coming through that border.

We have the Navy and the Coast Guard to protect our coast line against smuggling and illegal entrance by sea. What I propose is a joint effort between the Border Patrol, the U.S. Marine Corps and the National Guard.

Use Marines
The Marine Corps could use this as part of their basic training, for survival training and reconnaissance. If this were to be done on a large enough scale, it would stop the smuggling and the illegal alien by approximately 99%.

Now I also said this article would cover a tax problem, that concerns the large number of agriculture workers that are illegal aliens. Most people do not realize that agriculture workers do not have taxes removed from their monthly wages. Why? Because it's not required by law, and the employer does not want to take the time. Each time an illegal alien is paid and he goes back to Mexico, that money leaves the country untaxed, that makes our taxes higher. So why isn't it required?

I have nothing against our Mexican neighbors, and many of my own friends are Mexican and Spanish speaking. I just love my country, and I'm trying to help it out with a few ideas.

Thank you very much for reading this.

Dear Editor
I've seen no reporting on the resolve of deliberations over the county buying the Port Authority building on Pacific Highway.

This was pushed pretty hard by Mr. Brown (Supervisor Dick Brown) in the face of some pretty strong evidence, including an indepth survey by the Navy, that the cost of redoing that windowless building negated any further consideration. Mr. Brown moved to spend eighty thousand and taxpayer dollars for a new survey and still won't let the building go.

I know that eighty thousand comes out of the current budget, but if it wasn't spent it could have been held over for next year. It's not much, but it would help.

Don't you think this is a dissipation of taxpayers' money? "Overtaxed"
